Get rewarded for taking care of your smile!

How your plan works

Every year you get preventive care, you earn an annual maximum step increase. It'll be added to your annual maximum for the following year. Repeat until you achieve your annual maximum upper limit (highest annual maximum level).

Here's an EXAMPLE: (See plan specifics on front page)

Each year you don't get preventive care, your annual maximum decreases back to the previous year's level. But, the amount will never fall below your plan's initial annual maximum. Annual maximums can differ by individual member or dependent. (Each person has their own annual maximum.)
